# From the Office of the Chief

## Chief Ronald A. Lawrence

I am pleased to announce another successful *motor competition and traffic safety day* held in Citrus Heights and we deserve to be proud of our Citrus Heights Police Traffic/Motor Unit. There are only a few police motor competitions in Northern California, and Citrus Heights is known for being one of the best.

On Saturday August 19 your traffic team hosted our 5th Annual Police Motorcycle Skills & Traffic Safety Fair in the parking lot of Sunrise Mall. This event raised funds for the Citrus Heights Police Activities League (CHPAL) and promoted traffic safety awareness to our community. This motor-officer competition includes allied police agencies from around the State, and supports officers in their continued skill building to become the most proficient and professional motor officers possible. Our City Council, City Manager, other City staff, and many members of the community came out to show their support for this well attended event. I would like to especially thank all of the CHPD Volunteers and City staff who volunteered so many hours to put this spectacular event together.

As we surpass halfway through the calendar year, I want to update you on some important crime statistics. Through the month of July, Citrus Heights has seen our overall crimes against persons decline by 9% when compared to the same period during 2016. This is good news, as violent crimes against persons includes categories such as homicide, rape, robbery, and aggravated assaults. While we have experienced a decline here in Citrus Heights, other communities in California have seen an uptick in violent crimes.

Unfortunately, when it comes to property crimes, Citrus Heights has not been as fortunate. Serious property crimes include burglary, larceny (theft), automobile theft, and arson. Our trend through July of 2017 shows an overall increase in property crimes by 12% from last year during the same period. Burglaries have increased by 53% over last year (293 burglaries from January through July of 2017 compared to 187 burglaries from January through July 2016). Larceny (theft) has had a slight increase of 8%. Arsons have not increased since last year, with a total of 6 from January through July. Automobile theft has declined by 14% in 2017 from the same period last year.

Your police department has been proactive and focused on problem areas by using a variety of crime-fighting methods to address our property crimes. In addition to educating our community on crime prevention and awareness, our Problem Oriented Policing Unit has been providing crime prevention presentations to our business community. Presentations have been made to our Chamber of Commerce, Auburn Boulevard Business Association, and Sunrise Market Place. In the near future, we will also present to Antelope Crossing Business Association.

We would like to ask everyone's assistance in crime prevention. We can all help lower property crime by being extra vigilant in securing our homes, vehicles and property. Use caution not to leave valuables in parked cars that will attract thieves. I am a proponent of monitored burglar alarms, but even leaving a few lights and a television on when not at home helps deter criminals. Be sure your residence is secure at all entry points. If you have a Neighborhood Watch group, we would be happy to provide crime prevention ideas to your neighborhood. Working with you, we can all help to keep Citrus Heights safe!

## Hydrogen Fuel Coming to Local Shell Station

The existing Shell station located at 6141 Greenback Lane was awarded a grant by the California Energy Commission to add hydrogen fueling infrastructure as part of the Alternative and Renewable Fuel Technology Program. This creates a tremendous opportunity for citizens in Citrus Heights to operate Hydrogen Fuel-Cell powered vehicles, which are classified as Zero Emissions Vehicles (ZEV's). According to the project developer, many car manufacturers are producing vehicles for the California market (Toyota, Honda, Hyundai, Chevrolet, Nissan, Mercedes-Benz, Audi), with the Toyota Mirai leading in sales (1,200 units sold).

Hydrogen Fuel-Cell Vehicles are Electric Vehicles, which store energy via hydrogen gas instead of a battery. Common battery powered vehicles (such as Tesla, Chevy Volt/Bolt) have specific drawbacks which are addressed through Fuel-Cell technology. Fueling with hydrogen gas is fast and provides superior range. Both characteristics are similar to the experience most drivers are accustomed to with gasoline. The only emission generated by a Hydrogen Fuel-Cell vehicle is water. When hydrogen gas is sourced in a renewable manner, Hydrogen Fuel-Cell powered cars can operate as a fully renewable means of passenger transportation.

The introduction of hydrogen fuel at this Citrus Heights location will be one of the first seven locations in northern California to offer hydrogen fuel. The fuel is expected to be available in 2018.

World Rabies Day takes place annually to raise awareness about rabies in humans and animals, and provide information on how to prevent rabies.

On January 1, 2017, California was declared a rabies area by the California Department of Public Health (CDPH). Between January and July 2017, there were 74 cases of rabies reported to the CDPH, two cases were dogs. Several veterinarians, the Sacramento SPCA and Sacramento County Bradshaw shelters offer low cost vaccination clinics for pets. ### Five Back to School Tips for Pets

1. **Transition Time**—Get your dog used to the kids absence by simulating the school routine in advance. Emotional goodbyes may upset your dog. Stay calm.
2. **Break out the Crate**—Dogs that spend hours alone may feel safer in their own space. Leave treats, toys and fresh water.
3. **Turn on a TV or Radio**—Human voices or music can be soothing to lonely pets.
4. **Avoid Anxiety**—Don't change basic routines but add 30 min or more exercise to reduce stress. One on one attention gives your pet a comforting connection.
5. **Designate Quality Play Time**—Kid's extracurricular activities can impact time spent with Fido. Be sure to schedule for long walks & couch time with your pet!

## Ditch the Paper Cup. Bring Your Own Coffee Cup!

16,000,000,000 (that's 16 billion!)  
paper cups are used in America each year

Materials used to produce all 16  
billion cups

1.6 million lbs of plastic

4 billion gallons of water

6.5 million trees

253 million lbs of waste

4 billion lbs of CO<sub>2</sub>

Reusable  
tumblers or mugs can  
be used at least 3,000 times, or  
8 years. That's 189 lbs of paper cup  
waste you could be saving.

1 paper cup a day = 23 lbs of  
waste into a landfill a year

Did You Know?!

Some coffee shops reward  
customers who bring their own  
tumblers. Starbucks will give you  
a 10 cent discount when you bring  
your reusable tumbler. That's  
\$36/year!

Don't forget your tumbler or  
mug next time you go out for coffee!

## Your Local Neighborhoods Help Make Citrus Heights a Great Place to Live!

*Get involved and make a positive impact in your neighborhood!*

Congratulations! As a resident of Citrus Heights, you are a member of a Neighborhood Association! You are invited to join your neighbors at their regular meetings, to volunteer in local events and make a difference in your community! The Neighborhoods are here to help you. Best of all, you don't have to pay dues or own your home in order to belong.

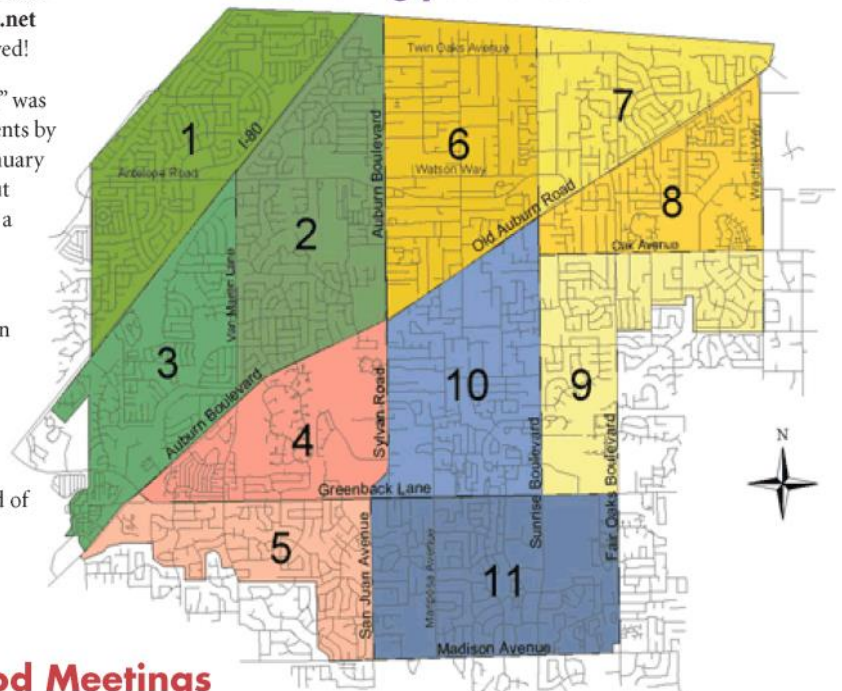

Anyone who lives, rents, or owns property or a business in Citrus Heights can get involved! Citrus Heights is divided into 11 Neighborhoods, and each Neighborhood is represented by a Neighborhood Association (Areas 7 & 8 are combined). Visit the City's website [www.citrusheights.net](http://www.citrusheights.net) and find out more information about how to get involved!

Did you know that the creation of the "Neighborhoods" was voted by the public as one of the Top 10 Accomplishments by the City of Citrus Heights since its incorporation in January 1997? You owe it to yourself and your family to find out why so many think the Neighborhood Associations are a wonderful benefit for residents of Citrus Heights!

The area groups usually meet once a month to solve neighborhood issues such as traffic or crime, to work on various projects, to host City information sessions, to network, have fun and much more.

All of the Neighborhoods are part of REACH (Residents' Empowerment Association of Citrus Heights). REACH is a coalition that consists of a Board of Directors composed of a representative from each neighborhood. REACH meets the 1<sup>st</sup> Monday of each month at 6:30 p.m. in City Hall Community Room (6360 Fountain Square Drive, Citrus Heights).
