

# Attention Customers with Extra Green Waste Carts: Additional Fees Beginning July 2022

One included

\$14 per extra cart

Dear Valued Customer,

California Senate Bill (SB) 1383 requires all residents, businesses and multi-family complexes to implement organic waste collection in 2022. In Citrus Heights, organic waste collection service begins the week of July 4 and adds food waste and food-soiled paper to the list of items allowed in your "organic waste" cart (formerly known as the "green waste" cart). The organic waste cart will be serviced weekly, alongside the trash cart.

**Residents will be entitled to one organic waste cart as part of their residential service package, since this cart will be serviced weekly (unlike green waste, currently collected bi-weekly). Your account has been identified as having one or more extra green waste carts. When the transition to organic waste collection begins in July, an additional \$14 fee (per extra cart) will be applied to your account.**

Cart Type	Through June 30, 2022	July 1, 2022
Extra Green Cart (after 1)	\$0.00	\$14.00 per month

**To avoid the additional monthly fee**, call customer service **by June 24, 2022**, to cancel any extra green cart subscription and arrange for Republic Services to pick up the cart(s). If you wish to do nothing and/or keep the extra green organic waste cart(s), your account will automatically be updated and you will see the additional charges reflected in your July 2022 invoice, which covers a two-month period. Call Customer Service at **916.638.9000** or **916.725.9060** with questions.

Sustainability in Action

3326 Fitzgerald Road  
Rancho Cordova, CA 95742  
916.638.9000

**Starting July 1, 2022, your green waste cart will become your organic waste cart!**

Food waste, food-soiled paper and yard waste (branches, leaves, grass, etc.) will all go in this cart.

**See reverse side for important account information.**
